Movement experiment

Try realistic movement and notice how you feel before and after.

Name (optional): _____ Date: _____

Movement I enjoy or would like to try

This week I will try

For approximately how many minutes?

Before: mood / energy / stress / focus (0–10)

After: mood / energy / stress / focus (0–10)

What did I notice?

Choose activity appropriate for your health and circumstances. Seek medical attention for concerning symptoms with activity.

Educational self-reflection only; not individualized treatment. For immediate danger, call 911. For crisis support in the U.S., call or text 988.
